

\$4,500 FIRE AT HELFRICK HOME ON SATURDAY

Fire of undetermined origin which threatened to spread to two adjoining houses caused damage estimated at \$4,500 to the home of George A. Helfrick, 21 Hanover St. Saturday afternoon. The house is owned by Ward McClellan, 47 Hanover St.

The fire was discovered by members of the Helfrick family at 2 p.m. when they smelled smoke coming from the cellar and called the Gettysburg Fire Department. Two electric clocks in the house stopped at this hour.

Dense clouds of smoke were pouring from the cellar and first floor of the house when firemen arrived. All six pieces of apparatus were called to the scene, and two pumps were hooked up to fire hydrants, with four inch-and-a-half hose lines laid and in use.

Occupants of the house were forced out by the smoke and were unable to remove any of the furnishings, firemen said.

Prevent Spreading
The fire burned through the floor into the living room, and had started to work its way into the second floor through the partitions when firemen arrived.

2 YORK SPRINGS CONTESTANTS WIN TOP PRIZES

Two York Springs residents won first prizes in the annual Amateur Show held by the South Mountain Community and Fair Association Saturday night at the fairgrounds near Arendtsville.

Donald E. Golden won the top prize in the "over 15 years of age division" with his presentation of Chopin's "Fantasie Impromptu." Phyllis Yohn, also of York Springs, won first place in the "under 16" classification, with her demonstration of baton twirling.

Second prize in the "over 15" division went to John Roberts, Hanover, who sang and accompanied himself at the piano; third prize went to the Coulson Sisters Quartet of Biglerville, comprising June Coulson Rhoads, Merle Coulson Millhimes, Doris Coulson Alwine and Judy Coulson. Fourth prize in the division went to Jeanne Blocher, Littlestown, who presented Chopin's "Polonaise."

Southern Tornadoes Kill 1, Cause Millions In Losses

By The Associated Press
A series of tornadoes struck the mid-South Sunday leaving one person dead, at least seven injured and causing an estimated million dollars damage.

The squalls whipped through sections of Arkansas, Louisiana, Mississippi, Alabama and Tennessee. Sgt. Harold Gomez of Camp Polk, La., was killed when a tree smashed his automobile at Leesville.

Five persons were injured in Arkansas where nine towns and communities were struck by high winds and a series of small tornadoes.

Ike Donates \$100 To Adams Red Cross

Acting on a suggestion from Red Cross Campaign Chairman Charles W. Wolf, President Dwight D. Eisenhower has sent a \$100 check, signed by Mamie D. Eisenhower, to the Red Cross chapter here for its current fund campaign.

The President "appreciated your kind letter," Lt. Col. Robert L. Schulz, military aide to the President, wrote Chairman Wolfe "and the thought that he might like to make part of his Red Cross contribution through the Adams County Chapter."

Chairman Wolf had written the President on February 26 as the county Red Cross drive was about to open and suggested that "perhaps the President would care to give a modest part of his 1953 contribution to the Red Cross through the Adams County Chapter."

Mr. Wolf's letter added: "In view of the President's association with our county, both in the first World War, and in the ownership of his farm near Gettysburg, and considering the hope of the entire community that some day he will choose to retire here, a contribution to the Red Cross through this chapter would undoubtedly give our drive an impelling impetus, and thus add that much more to the total of the Red Cross Funds." Reproductions of the check and the letter from the White House appear above and at the right.

BURY MOTHER OF LOCAL MAN

Funeral services were held in Detroit Saturday for Mrs. Mary Ann Ditchburn, 85, mother of George D. Ditchburn, 137 E. Middle St., who died Wednesday at the home of a daughter, Mrs. Wilbert Dean, Detroit, with whom she made her home. Interment was in Detroit.

Mrs. Ditchburn, who would have been 86 in May, was the widow of George Ditchburn, who died 23 years ago. She was born in Yorkshire, England, and married there in 1882, coming to this country in 1896. She was a daughter of the late Charles and Mary Downes Stafford.

Mrs. Ditchburn was well known in Gettysburg, where she had visited many times. She leaves four daughters besides her son, Mrs. William Dunn, San Francisco; Mrs. Clarence Robertson, Mrs. Joseph Fried and Mrs. Wilbert Dean, all of Detroit; five grandchildren and seven great-grandchildren, and one sister, Mrs. Christine Fletcher, Lewistown, Pa.

Mr. and Mrs. Ditchburn were called to Detroit on March 15 by Mr. Ditchburn's mother's serious illness. They returned this past weekend.

GHS Students Attend Conference In York

The Student Council of Gettysburg High School was represented Friday afternoon and evening at the annual spring student council conference for the Southern District at York. Rev. Wallace E. Fisher, Lancaster, formerly of Gettysburg, was the banquet speaker.

The local delegation included Roger Crouse, Joyce Mehrling, Jane Reuning and Jack Crist. Miss Ruth McIlhenny, adviser who accompanied the group, was elected secretary of the district advisers' group. The conference was held at William Penn High School.

Near Jasper, Ala., Grady Tucker, 37, and his infant daughter were injured severely when their tornado wrecked home caught fire.

At Newbern, Tenn., Mayor Allen Moore estimated damage there would reach a quarter of a million dollars.

Meanwhile, the eastern half of the nation, except along the North Atlantic coast, had rain Sunday. In the cotton belt, thundershowers brought 2.86 inches of rain to Tupelo, Miss., 2.81 to Memphis and 2.22 to New Orleans.

Some snow was reported in Minnesota and the Dakotas.

Ike And GOP Leaders Agree To Let RFC Die June, 1954

WASHINGTON (AP) — President Eisenhower and GOP Congressional leaders agreed today to let the Reconstruction Finance Corporation (RFC) die June 30, 1954.

That is the date the government's big lending agency is due to go out of business under present law. Some Congressmen want the RFC to be abolished at the end of this year.

Congressional leaders said liquidation of the agency already is under way.

The decision was announced by House Speaker Martin (R-Mass.) after the Congressional leaders' regular Monday morning conference with the President.

MRS. LEWARS IS GIVEN AWARD BY DELTA GAMMAS

The "Rose Award" for members of the Delta Gamma fraternity "who have made outstanding contributions to the world through their individual efforts and talents," was presented this afternoon by the Order of the Delta Gamma Rose of the fraternity to Mrs. Elsie Singmaster Lewars.

The presentation was made at the Snyder rest home by Mrs. Harrison F. Harbach, president of

MRS. E. S. LEWARS

the Gettysburg Alumni Association, Mrs. Francis C. Mason and Miss Barbara Franke, president, and Miss Jane Drennen, vice president of the local chapter.

The award is one of ten presented this year throughout the nation. Mrs. Lewars is the only Pennsylvanian so recognized. The purpose of the award, members of the order said, is not only to honor the recipient, but "to encourage collegiate members, to maintain other Delta Gammas, especially active participation in the fields of endeavor for which they have special aptitudes."

Given National Approval
The award is a light blue leather folder lined with gold moire, containing a parchment certificate with the Delta Gamma crest, embroidered rose, date, significance of award and name of recipient.

The Delta Gamma State Day Convention in Harrisburg Saturday adopted a resolution and extended congratulations to Mrs. Lewars. The award was made by national headquarters after consideration of nominations by local chapters. Mrs. Lewars was nominated by the Gettysburg chapter.

The Harrisburg "State Day" was held in the ballroom of the Penn Harris Hotel. Members of the Gettysburg Alumni who attended were Mrs. Harbach, Miss Mildred Hartzell, Mrs. Mahlon P. Hartzell Jr., Mrs. C. Allen Sloat and Mrs. William G. Weaver.

KOREAN VET DIES OF DEER HUNTING WOUND

Kenneth Ira Shultz, 21, of Orrtanna R. 1, wounded seriously on December 1 near Caledonia while hunting deer with three other youths, died at 6:30 o'clock Sunday night in the Newton D. Baker Veterans Hospital, Martinsburg, W. Va.

He had undergone operations and numerous blood transfusions at both the Chambersburg Hospital, where he was removed immediately after the accident, and in the veterans hospital.

Shultz, who survived the fighting in Korea where he spent a year and a half of a total of three and a half years in the army, as a corporal, TSU Ord., Co. B, Second Division, was wounded by a high-powered rifle bullet believed fired by another member of the group with which he was hunting.

Shot Through Abdomen

The hunting party was located near the road which circles the Graeffenburg golf course, with two of the men standing as "shooters" while Shultz and another man acted as "drivers." Several shots were fired when a buck deer emerged from the woods. When Shultz did not return to the party, a search was started and he was found where he had fallen. He was wounded in the abdomen and left arm.

Shultz enlisted in the army on January 14, 1949, and was discharged June 25, 1952. He was a son of Mr. and Mrs. Charles Shultz, 46 W. Middle St., Gettysburg, was employed at the "Little Pentagon" near Camp Ritchie, and was married to the former Shirley Singley, of Orrtanna R. 1. Mr. and Mrs. Shultz and their daughter, Dianne Evelyn, made their home with Mrs. Shultz's parents, Mr. and Mrs. Earl Singley. The couple resided briefly in Littlestown before the hunting accident.

Services Thursday

Besides these relatives Mr. Shultz is survived by four brothers, Olden, Nelson, Lester and Kermit, and three sisters, Mrs. Rose Spaulding, Littlestown; Mrs. Madeline Bittinger, Aspers; and Mrs. Catherine Arentz, Gettysburg R. D.

Funeral services Thursday afternoon at 2 o'clock at the Peters Funeral Home, the Rev. Sites, pastor of the United Brethren Church, Scottland and the Rev. Charles Ankerbrand, Waynesboro, officiating. Military graveside services in the Gettysburg National Cemetery. Friends may call at the funeral home Wednesday night after 7 o'clock.

COUNTYMAN PAYS SCHOOL FINE

Friday the 13th turned out to be an unlucky day for both Sanford Weaver, Biglerville R. 1, because he had to pay the fine, and for his son, who was caught "skipping school" on that date and was the cause of a school violation charge being filed against his father. Mr. Weaver was served with a summons to appear tonight before Justice of the Peace John H. Basehore on the charge. He didn't wait until the time set but went to Justice Basehore's office this morning, where he paid a fine of \$2 and costs.

In paying the fine, Mr. Weaver revealed that his wife had been killed in an automobile accident three years ago, and that in earning a living for their five children he could not stay home to make certain they went to school. Mr. Weaver said he learned that his son and another youth were "trying out" an automobile purchased by the other boy.

DR. DILLON IS CLUB SPEAKER

As students in a college of another denomination, Catholics can help by their example to break down prejudice against their faith. Dr. John J. Dillon told the members of the Newman Club at their communion breakfast session Sunday morning at St. Francis Xavier Catholic School here. The Newman club is made up of Catholics who are students at Gettysburg College. Telling the group, "You have a tremendous opportunity to do good by word and example," Dr. Dillon, of the faculty of Mount Saint Mary's College, added, "There are many who have prejudices against the Catholic Church because they do not know it, or its teachings. You can be good example lead others to a more friendly attitude toward your religion. You can, by knowing your religion and answering the questions you are sure to get, erase much prejudice and provide knowledge for those seeking it."

He described the work of Bishop DuBois and Archbishop Purcell, who were among the founders of Mount Saint Mary's and then were called to duties as bishops, as an example of the work that can be done in erasing prejudice against Catholics and Catholicism.

John Schreiber, president of the club, served as the toastmaster for the breakfast event. He announced that a meeting of the Newman Club will be held this evening at 8 o'clock at the TKE house.

Break Ground For Littlestown's New Elementary Building; To Be Ready Dec. 1; Costs \$500,000

Ground has been broken for the new 18-unit elementary school building at the corner of East Myrtle St. and Park Ave. in Littlestown by the general contractor, Allen Feaser, of Taneytown. The ground has been graded, drain pipes laid and preparations are being made for the foundation of this modern building.

The school board, acting at a special session, voted to authorize the joint authority board to award contracts in connection with the new elementary school building as follows: General contract, Allen F. Feaser, Taneytown, \$287,963; heating and plumbing, George L. Harner, Taneytown, \$45,439 and \$29,960 respectively; electrical, Swam Electrical Company, Hanover, \$41,940; cafeteria kitchen equipment, Harrisburg Refrigeration Company, \$7,959; cooking utensils, Arbycraft Company, Philadelphia, \$257.75, and dishes and tableware, W. F. Dougherty and Sons, Philadelphia, \$1,154.10.

To Be Ready Dec. 1

On the recommendations of the joint school board, the authority rejected all bids on cafeteria and school furniture. Contracts call for the completion of the building on or before December 1 of this year. School officials plan to occupy the building at the beginning of the second semester. The authority board includes Wilbur A. Bankert, chairman, representing Littlestown; Parr Breighner, representing Mt. Pleasant Twp.; Armour Leatherman, Mt. Joy Twp.; John C. Porry, Union Twp., and Luther Hess, Germany Twp.

Approvals from the Pennsylvania State Department of Instruction for the building of a new elementary consolidated school cover the amount of \$500,000. The contracts for the bonds has been let at an earlier board meeting. Butcher and Sherard, bond brokers, Philadelphia, purchased the entire issue. These bonds together with the interest are to be amortized over a period of 40 years. They are so drawn that they may be liquidated in 30 years if financial obligations are met by the districts as stipulated in lease agreements.

On Six-acre Plot

The financing of the entire project is divided among the five participating districts. Their shares are based on market values of taxable real estate and in case of Mt. Joy and Mt. Pleasant, who belong to two jointures, the apportionment will be that percentage of the total market value determined by the ratio of the student population enrolled in Littlestown joint to the total public school population of the district. Under recent legislation, the state will reimburse the individual districts for the yearly rental incurred as a result of this project in amounts determined by a formula which is the square of their reimbursement fractions times their proportionate yearly obligation. However, reimbursement may not exceed 50 per cent. The five contributing districts, by supplemental articles of agreement, agreed to adjust their percentage each October 1 as per the conditions mentioned above.

The new building will be located on a plot of ground approximately six acres extending east of Memorial Field. The land was secured in two grants. The portion forming a part of the plot laid out in lots touching along Memorial Field and East Myrtle St. was purchased from Lloyd E. Crouse. The remainder of the land was donated to the authority by Nevaeh A. and Cloy I. Crouse, members of the firm I. H. Crouse and Sons.

The building, a one-story reverse "L" designed by Starr and Long, Harrisburg, will be built of brick and concrete block and will contain 18 classrooms and a general purpose room of 3,500 square feet. This room will be used as a cafeteria and auditorium or assembly. It will be divided by a movable partition so that the room may be used for multiple purposes. A modern kitchen together with storage and utility rooms will form a part of this suite. The building will also contain a modern health room, supply and storage rooms and offices. The primary grades will be housed in one wing of the building. All of these rooms will be supplied with lavatory and other facilities. They will have subdued natural lighting from two sides. The floors of the building will be concrete with asphalt tile, while the main corridors will be finished in terrazo and ceramic tile wains and ceiling will be acoustical tile.

The building will have automatic heat thermostatically controlled from each room. Loading platforms for buses will be protected by overhanging roof or canopy. The play areas will be in the rear and side of the building and will be black-topped.

The Littlestown National Bank has been given trusteeship for the bonds.

\$4,500 FIRE AT

men fought it from above and prevented further spread of the flames. The aerial ladder truck was used to open a roof transom to aid in ventilating the house of smoke.

Considerable furniture stored in the cellar and a number of tools were burned, as well as furniture and furnishings in the living room. Mr. Helfrick estimated his loss at \$1,500. Damage to the building was estimated by Mr. McClellan at \$3,000. Smoke did some damage both to the Helfrick home and apartments and homes on either side, including the apartments of Carroll B. Smith and Allen McDannell, at 19 Hanover St., owned by Willis Eckert, and the home of Harry E. Scott, 25 Hanover St.

Get Second Alarm

Firemen remained at the scene until 3:55 p.m.

While they were at the Hanover St. fire a call came in for a grass fire at the home of Edward Huns, Marsh Creek Heights. The call was received at 2:55 p.m. Two trucks were dispatched but their services were not needed. A number of neighbors had the fire under control.

Out Of The Past

ONE HUNDRED YEARS AGO
Borough Election: On Friday the election for Judge, Inspector, Assessor and constables took place in the Borough and resulted in a division of the officers among the two parties. This unusual result is owing to the negligence of the Whigs, and the activity of their opponents. How Whigs can reconcile it to themselves, to be so derelict in duty, and worse than that, even lend aid to their opponents, we cannot conceive. The following was the vote:

Whig	Judge	Dem.
John Weigle, 156	Jacob Culp, 166	
Inspector		
Henry Hughes, 164	Hy Chritzman, 154	
Assessor		
W. C. Stallsmith, 153	Wm. B. Meals	
Constables		
G. W. Strickhouser, 153	Wm. White, 116	
John Sientz, sen., 134		
J. Bowen, (ind.), 82		

Married: On the 17th inst., by the Rev. Jacob Ziegler, Mr. Henry Hahn, of Hamilton township, to Miss Anna M. Stallsmith, of Franklin township.

On the 17th inst., by the Rev. P. Anstaedt, Mr. John Rodke, to Miss Susan Hankey, both of Mountjoy township.

On the 18th inst., by the Rev. George W. Aughinbaugh, Mr. Joseph Andrew to Miss Elizabeth Donaldson, of Hamilton township.

Six Cents Reward: Left the services of the subscriber, residing in Franklin township, on the 6th inst., an indentured Apprentice to the Tanning business, named David Snowden, about 20 years of age. The above Reward, but no thanks will be given to any person returning said Apprentice. **GEORGE HOOVER**

Removal: The subscriber hereby gives notice that he has removed his store to the old corner formerly occupied as a store by Robert Smith, Esq., and latterly by Major W. Hamersly, where he invites his old friends and the public generally to give him a call.

Phi Gamma Delta: On Thursday night, in the College Church, Xi chapter of the Phi Gamma Delta fraternity of Pa. College celebrated its 20th anniversary with interesting public exercises in the presence of a large audience. A handsome pyramid of flowers was a conspicuous object on the platform. At 7 o'clock the members of the chapter entered the church to the inspiring music of the Phi Gamma Delta March on the organ, beautiful rendered by Miss Carrie Fahnestock. The exercises were opened with an invocation by Prof. H. Louis Baugher, 57, E. L. Rowe, of Emmitsburg, of the class of '63, presiding.

Alter Y. Shindel, 77, delivered a brief address of welcome. J. Clinton Hill, Esq., '64, sent a poem, which was read by E. A. Muhlenburg, Esq., '68, in his absence. Rev. J. A. Singmaster, '73, followed with an oration.

The music was select and artistically rendered on piano and violin, accompanied by Miss Fahnestock and Messrs. W. E. Stahler, H. B. Wile and W. M. Baum.

At 10 o'clock the present members of the chapter, with seventeen graduate members, assembled at the parlors of John Gruel, when they partook of a fine banquet. Prof. E. S. Breidenbaugh, of the class of '68, presiding.

Xi chapter numbers 97 members. Of these 54 are graduates, one half of whom have taken honors. There are 7 first honor men and 7 valedictorians. One third of the college prizes have been awarded to Deltas.

Married: Benner - Musselman—March 21, by Rev. E. S. Johnston, Mr. Oliver F. Benner, of Straban township, to Miss Lizzie L. Musselman, daughter of Jacob Musselman, of Fairfield.

Just Folks

By EDGAR A. GUEST
 MYSELF

I have to live with myself and so I want to be fit for myself to know. I want to be able, as days go by, Always to look myself straight in the eye.

I don't want to stand, with the setting sun, And hate myself for the things I've done.

I don't want to keep on a closet shelf
 A lot of secrets about myself,
 And fool myself, as I come and go,
 Into thinking that nobody else will know
 The kind of a man I really am.
 I don't want to dress up myself in sham.

I want to go out with my head erect,
 I want to deserve all men's respect;
 But here in the struggle for fame and pelf
 I want to be able to like myself.
 I don't want to look at myself and know
 That I'm bluster and bluff and empty show.

I never can hide myself from me;
 I see what others may never see;
 I know what others may never know;
 I never can fool myself, and so,
 Whatever happens, I want to be
 Self-respecting and conscience free.

CATHEDRALS

There is something awe inspiring about a beautiful cathedral. For nearly twenty years I have looked down upon one from my high office. I paid additional rent — against the advice of others — just so that I might be inspired by its beauty day by day. I refer to St. Patrick's in New York.

I agree with Henry Ward Beecher who once said that you couldn't build a church too beautiful. The grandeur of a great church is an illustration of the grandeur of God, our Heavenly Father. In one of his books ("Inland Voyage") Robert Louis Stevenson said this: "I find I never weary of great churches. It is my favorite kind of scenery. Mankind was never so happily inspired as when it made a cathedral; a thing as single and specious as a statue to the first glance, and yet, on examination, as lively and interesting as a forest in detail."

Perhaps it was from the forests that men first gained their inspiration for the building of cathedrals! Certainly, there are tree spires in great forests, especially California, that make me feel I am in a cathedral as I stand beside those towering trees. To a very great extent, I always feel myself in a cathedral when standing under one of the noble trees of the forest—God's wonderful outdoor cathedral.

How tragic has been the wounding of Europe's matchless cathedrals during wars. No good end served. Just wanton destruction. How thankful we are that many escaped damage and destruction.

I love to see simple folk going in to and coming out of a cathedral. A few moments of prayer and meditation there in silence often transforms an entire day — perhaps a lifetime!

I wouldn't want to live in a town without churches, their spires, or steeples, pointing to the blue sky by day and a studded heaven of stars by night. Wipe them out and the free world would be at an end!

Tomorrow Mr. Adams will talk on the subject: "So You Can't Sleep!"

Tito Given New Pledge Of Support; Leaves England

LONDON (AP)—Marshall Tito ended a historic visit to Britain Saturday, leaving for Yugoslavia with a British pledge to stand by his Communist Balkan state in resisting aggression.

The Red dictator who broke with Stalin's Russia in 1948 stood stiffly at attention as the London port's launch "Nore" drew away from Westminster pier. He wore full uniform with a light grey coat with scarlet lapels.

Foreign Secretary Anthony Eden was present to bid him adieu. A naval guard of honor presented arms as Tito stepped from his bullet-proof limousine and moved toward the launch.

Down the Thames, at Greenwich, Tito transferred from the launch to the Yugoslav naval training ship Galeb (Seagull), which brought him here for his week-long visit. As the Galeb slipped down the river on the way home, Tito waved to crowds lining the river.

Had 5 Day Visit
 Tito departed after a five-day visit for political, economic and military talks which formally ended last night with a communique from 10 Downing Street, Prime Minister Churchill's residence.

The communique contained no iron-clad treaty and there was no formal pact but the British government clearly expressed itself with the words:

"The two governments declare their common interest in resistance to aggression and in the preservation of national independence. They undertook to work closely together and with other free-loving nations to defend peace. They were in full agreement that in the event of aggression in Europe the resulting conflict could hardly remain local in character."

In diplomatic language this is tantamount to a statement that Britain would step in event of an attack on Yugoslavia.

"Benefit Both Peoples"

Tito said: "During our stay in Great Britain we have become even more convinced that the collaboration between our two countries will greatly benefit both our peoples and promote the safeguarding of peace in Europe. In the course of direct contact and talks with the British government what we have hoped for has been attained."

Police river launches patrolled the Thames and hundreds of police guarded the pier area—last of the extraordinary precautions taken to assure that no attempt would be made here on the life of the man the Soviet world hates.

Uniformed bobbies a few yards apart and aided by 50 mounted police held the crowd to the sidewalks and 100 yards from the pier-head where Tito took the Royal Navy salute. Armed detectives were spotted among the crowd and in windows of buildings overlooking the site of the ceremonies.

Tito, smiling happily and holding his white-gloved hand stiffly at the salute, moved up and down the ranks of the naval guard. Then, apparently forgetting the location of the pier gate, he started back up the street toward the Houses of Parliament.

Sir Rhoderick MacGrigor, Britain's first sea lord, with a touch on the elbow reminded him he was off course and Tito, grinning, circled a parked official limousine, regained the pavement, and headed for the pier steps.

to put up for the night and over Sunday. In making some preparations in the wagon, he took hold of a shot gun with his left hand by the muzzle to take it out the rear of the wagon. The trigger caught and sprung, discharging the load, consisting of lead slugs, burning the hand and leaving a gutter from the palm to the wrist and lodging in the muscle between the elbow and shoulder. An alarm was made and immediately a crowd of people was on the ground. Dr. C. E. Smith was sent for and the wounded man was taken to Mr. J. G. Weaver's residence. The doctor took out the three slugs. Others left marks as they passed. Ritter and his wife are staying at Mr. Weaver's, where he is receiving very charitable and kind attention.

U. N. MAY ASK IKE AND MALENKOV TO TALK PEACE

UNITED NATIONS, N. Y. (AP)—A call in the United Nations for a meeting between President Eisenhower and Russia's new prime minister Georgi M. Malenkov shaped up here today as delegates probed current Russian peace talk for its exact meaning.

Indonesian Ambassador L. N. Palar, a leader of the Asian-Arab bloc at the U. N., said he would present a formal resolution asking for such a parley if debate in the Assembly Political Committee made it appear feasible.

Eisenhower said last week he would meet any real peace overtures from the Russians halfway. Soviet propaganda since Stalin's death has emphasized the possibility of peaceful relations with the West, and the usual constant Russian talk of American and Western "warmongers" has been shelved, at least for the present.

"Watchful Hope"
 Delegates here are in a state of watchful hope—with the emphasis, as one westerner stressed, on the "watchful"—over the new Soviet line. They say a real clue to Russia's intention may come after Andrei Vishinsky returns here from Moscow next Thursday.

Vishinsky hurried home after Stalin's death and is the first high-ranking Soviet diplomat to come out of Moscow since Malenkov took over.

The Soviet U. N. delegation meanwhile has tried constantly to delay action on important questions until his return, obviously on Moscow's orders.

Palar set the stage for a possible appeal for the Eisenhower-Malenkov meeting by asking the Assembly Political Committee to hold up debate on two highly controversial items—Czechoslovak charges that the U. S. is spying and meddling behind the Iron Curtain, and U. S. demands for an impartial U. S. inquiry to clear it of germ warfare charges in Korea.

May Press Czech Charges
 The Indonesian said the tenor of recent Russian statements and sentiments being expressed in Washington made a delay desirable to keep more acrimonious discussion out of the air.

As the committee gathered today many delegates indicated they wanted to go ahead with the Czechoslovak charges because they were not ready to take up their next item of business—the Polish-proposed peace plan restating previous Soviet demands for a big five meeting, an unqualified ban on atomic weapons and an immediate Korean cease-fire.

Spring Jewelry Shows Influence Of Coronation

The June Coronation of England's Queen Elizabeth, with all the pomp and circumstance it inspires, has had an important influence on new Spring jewelry here in America.

The look of royalty, complete with crowns, lions and Coronation motifs, dominates the picture for Spring, in exciting replicas of old court jewelry, Victorian designs, and "royal" colors.

Large pins are featured in many popular stylized crown patterns, brilliant and chunky, with either colored or clear crystal stones worked in combination with marquise and baguette stones.

The British Lion and coat-of-arms motifs too, may be studied with precious looking jewels, enamelled in heraldic colors, or wrought in heavy gold or silver-colored metal.

Typical Victorian designs, such as the graceful pendant effect in earrings and necklaces, are also in keeping with the Coronation theme. Dark ruby and garnet colored stones are combined in lacy patterns with antique gold settings for an authentic, opulent look.

Top among Royal colors in elaborate stone jewelry sets are the deep reds and golds, emerald greens, and shades of amethyst, used with bright or antique gold.

OVERCOME BY FUMES

PROVIDENCE, R. I. (AP)—George Chadwick, 26, of Chester, Pa., a crewman aboard a gasoline tanker, was recovering today from the effects of fumes which overcame him as he was checking equipment last night.

Ship's officers told police that Chadwick had gone into the pump room and apparently had remained there too long. He was given emergency aid by the fire department rescue squad and taken to Roger Williams General Hospital.

NEW DELHI, India (AP)—Retiring U. S. Ambassador Chester Bowles left with his family today by plane for Bangkok and eventually home. From the Thailand capital, Bowles will go to Jakarta, Indonesia. There he plans to confer with Adlai Stevenson, who is touring the Far East.

Red Bunkers Are Roasted By Jellied Gas

SEOUL (AP)—South Korean raiders roasted Red bunkers and trenches with homemade jellied-gasoline bombs today in two hit and run raids on the far eastern Korean front.

The troops counted a dozen dead North Koreans and more were believed caught in the scored bunkers, the U. S. Eight Army reported.

The deadly, jerry-built bombs were metal ammunition boxes filled with jelly-like napalm, the clinging core used in aerial fire-bombs.

The Roks popped their fire-boxes into Red positions on two craggy hills held by two North Korean platoons.

Only small clashes were reported elsewhere along the West front, soaked by a night of rain.

The heavy weather pinned down Allied warplanes this morning, but

later Sabre jets flew over North-west Korea in a fruitless MIG-hunting swing.

Clouds and haze cut other Allied air strikes sharply, but some fighter-bombers were able to break through to blast Red transport and frontline positions.

Yesterday's action was hot and deadly, both on the thawing front lines and in the air.

The Eighth Army said Allied troops killed more than 200 Chinese in three western hill fights.

U. S. Second Division raiders poured into a nest of Red caves north of the hook, killing or wounding 100 Chinese.

Near Kelly Hill, west of Yonchon, South Koreans raided another cave-tunnel network, killed 26 Chinese, and then got another 75 of about 150 Reds who jumped into the fight.

In the third clash, a U. S. First Marine Division outpost kicked back a 500-man attack in a hot 35-minute battle in early morning darkness.

In the air, U. S. Thunderjet fighter-bombers struck a railroad switching yard near Namis, about 45 miles south of the Manchurian border, leaving the yard in flames.

Pirates Not Going To Be League Doormat, Haney Says

By JACK HAND
HAVANA (AP)—Fred Haney, new Pittsburgh manager, and Branch Rickey, his general manager, sing the same tune about the fuzzy-cheeked Pirates. It goes like this: "We won't be the doormat. This is no joke club. We're not in the pity class. We're not such a push-over."

The fact remains that the Pirates finished a dead last in 1952, 54½ games behind Brooklyn and 22½ behind the seventh-place Braves.

Has No Illusions
Haney, back in the majors for the first time since 1941, has no illusions about his new job.

"I knew it was going to be a problem when I agreed to leave Hollywood," he said. "But it's a challenge you don't dare turn down. I think some of these kids will find themselves."

"Can we get out of the cellar? I'm not even thinking of the cellar. I just want to try to develop these boys to the best of my ability."

Rickey predicted the '53 club will escape the cellar, but he didn't say positively.

"We'll Give 'em All Trouble"
"This is no joke club," he said. "It could be a little of that for a while. But by June or July, when Haney gets to know all his players well, we'll give them all trouble. Except for the infield this could be a surprise club. Our infield could put us last."

The infield is Danny O'Connell, just back from the army. A solid ball player and capable hitter before he left the Pirates after the 1950 season, the 24-year-old Irishman has been moved from shortstop to second base.

Dick Cole, a bespectacled Hollywood grad who hit .286 for Haney's Pacific Coast League pennant winners last year, is the shortstop if his hitting holds up.

1st Base A Problem
Pete Castiglione of the '52 club is the third baseman. Young Bobby Sennerchia, 21, may need more time in the minors. He could take the third base job with his good hitting power.

First base is a problem for Haney. Al Grunwald, a husky left-handed hitter with pre-war experience in Indianapolis and New Orleans, has not impressed with his fielding. If he doesn't make it, George Metkovich, 31-year-old outfielder-first baseman, will take over.

Ralph Kiner, seven-times home run champ of the league, is the left fielder unless traded. After a long holdout campaign and a bitter exchange of interviews with Rickey, Kiner finally reported Thursday and immediately went into the lineup.

Scramble In Outfield
The other outfield jobs are a scramble with Bobby Del Greco, who split '52 between Pittsburgh and Toronto, fighting off Carlos Bernier, the speedy Puerto Rican who batted .301 and stole 65 bases for Haney at Hollywood. Felipe Montemayor, still on the New Orleans roster, is another center field candidate.

Cal Abrams, ex-Brooklyn Dodger and Cincinnati Red, is battling for right with Frank Thomas, up from New Orleans with a .303 and 131 runs batted in.

Joe Garagiola is the No. 1 catcher followed by Ed Fitzgerald, Joe Rossi and the veteran Mike Sandlock, brought back especially to catch the knucklers thrown by Lindell and Paul La Palme.

Vic Janowicz, the ex-Ohio State football ace and \$30,000 bonus man must remain with the club for two years. He is a catcher, learning the trade. The Pirates have two other bonus men who must be kept—the O'Brien twins, infielder Johnny and outfielder Eddie, who were basketball and baseball stars at Seattle University.

3 Returning Vets
However the Pirates can keep 28 men because they have three returning vets who will not count in the player limit. They are O'Connell, Grunwald and pitcher Bill McDonald.

Haney is optimistic about his pitching staff, anchored around Murry Dickson (14-21) and Howie Pollet (7-16). Lindell (24-9 at Hollywood) and La Palme (6-1 at Hollywood) are expected to win with their new-found knucklers. Bob Friend (7-17) also has showed fine form. So have Bob Hall (13-4 at Seattle), Cal Hogue (1-8), Jim Waugh (1-6) and Elroy Face (14-11 at Fort Worth) who was drafted from the Dodger chain. Face probably will be the relief man.

McDonald has had arm trouble. Paul Pettit, (15-8 at Hollywood) the \$100,000 bonus baby, may finally make it.

It will be a minor miracle if Pittsburgh can escape another year in the cellar. Remember, as the new "Eastern" team, they play their first 15 games against Brooklyn, New York and Philadelphia.

YANK PITCHING IS PROBLEM TO CASEY STENGEL

By ED CORRIGAN
AP Sports Writer

Manager Casey Stengel won't admit he's worried yet, but he certainly has a problem with the season opening in only three weeks. It's pitching.

And no team has ever won a pennant without pitching.

Allie Reynolds, Vic Raschi and Eddie Lopat are three names that should strike terror into the hearts of opposing batters. But Reynolds is nursing a pulled muscle in his back and doesn't know when he'll be able to toe the mound again; Raschi looked horrible yesterday against the Cincinnati Reds, although the Yanks won the ball game, 13-11, and Lopat hasn't made an appearance yet.

Sad Performances
In yesterday's slugfest at Tampa, Raschi couldn't hold an 8-1 lead his mates built for him in three innings. All told he was walloped for 10 hits in five innings.

Bubba Church and Barney Martin divided the hurling chores for the Reds. They, too, turned in sad performances.

But New York Giants' Manager Leo Durocher, who has had his share of headaches this spring, apparently was minus at least one headache, although his operatives suffered a 1-0 loss to the Oakland Oaks of the Pacific Coast League in Oakland.

Dressen Wondering
Larry Jansen, who won only 11 games last year because of a sore back, started and cut loose for the first time. He allowed the Oaks only one hit in his five innings on the mound. If he can come close to his 1951 form when he won 23 games, the Brooklyn Dodgers can begin worrying.

As for the Brooks, Manager Chuck Dressen spent the day wondering what was going to happen in his noble experiment in shifting Jackie Robinson to third base. Stories of dissension over the move caused enough concern among the Brook brass to send Vice President Buzzy Bavasi hurrying to investigate the situation. Apparently it's all ironed out with Billy Cox willing to take the role of utility man.

Dressen took the time to announce what everyone knows Joe Black would be in the bullpen again.

Braves Beat Cards
"For a time I feared we would need Black as a fifth starter, but young John Podres has looked so good I don't think he can miss," he said.

There were only two other games between major league teams. The St. Louis Browns whipped the Chicago White Sox for Satchel Paige and Harry Brecheen on a home run by Jim Upright, and the Milwaukee Braves slugged the St. Louis Cardinals, 5-1.

The San Francisco Seals of the Pacific Coast League defeated the Cleveland Indians, 5-4, when rookie first baseman Joe Macko made an error that led to an unearned run in the 13th inning.

The Los Angeles Angels took a 5-2 setback at the hands of the Chicago Cubs.

Pat O'Sullivan In Fourth Title Drive

PINEHURST, N. C. (AP)—Pat O'Sullivan, in her fourth successive North and South golf championship final, and Mary Lena Faulk, in her first, met over the 18-hole route today for the title.

Each got by a formidable foe in wet weather yesterday to get to the showdown battle of this 51-year-old tournament.

Pat, whose home is in Orange, Conn., prevailed over tall Carol Diring of Tiffin, Ohio, 2 and 1, while Mary Lena of Thomasville, Ga., was a 3 and 2 winner over Barbara McIntire, 18-year-old Toledo, Ohio, comer, making her first appearance in the North and South.

Pat is only the third woman in 51 years to reach the finals four years in succession.

5 RACEHORSES LOST IN BLAZE

NEW YORK (AP)—At least five race horses were dead today after a flash fire leveled a barn at Jamaica race track, the third fire at a New York track and 10th in the country since last May.

Firemen, who kept the blaze from spreading to other barns housing about 500 thoroughbreds getting ready for the track's April 1 opening, could find only five charred carcasses last night in the ruins of Barn 22.

But owner Pat Torino reported the loss of Sign Here, Fair Self and Brave Irish; trainer Larry Paradise said Anne Kissler's Star Ruby was missing; And trainer Maurice Dudley of the Owl Stable said Micohe, a full-brother to the stakes-winning Micohe, and Tecole, a promising 2-year-old, also were missing.

Track officials estimated the loss of the barn at \$30,000 and the horses were valued at another \$30,000.

Gerry O'Grady, chief of the track's detective detail, said there was nothing to indicate any suspicious circumstances about the fire.

NCAA TO DIVIDE GRID TV FUND

KANSAS CITY (AP)—The National Collegiate Athletic Association is going to slice a million-dollar pie for 51 schools whose football teams appeared on television last year.

That fact emerged from a 2-day meeting of the NCAA executive committee which ended here today.

Walter Byers, NCAA executive director, said sponsors of the organization's 1952 controlled football television program paid \$1,151,109 to televise 33 "live" games. He said it wasn't known yet just how much each school's share of the pie would be.

The committee hopes to complete work on the 1953 television budget at a meeting in New York April 7-8.

Three Schoolboy Teams In District 1 May Win Class A, B And C Cage Pennants

By DICK HOENIG
HARRISBURG (AP)—Yeadon, Darby and Jenkintown today lined up as a definite threat to accomplish the unprecedented feat of capturing all three state schoolboy cage titles for a single district.

Each of the three clubs, bearing the colors of District 1, are two victories away from turning the trick — Yeadon in Class A, Darby in Class B and Jenkintown in Class C.

At the same time, District 10, has Meadville, Mercer and Fredonia still in the running for the three championships as the final week of the month-long PIAA playoffs gets underway.

Class C title play has been conducted by the PIAA for only two previous seasons while the B tourney has been run since 1945. Class A play dates back to 1920.

Last March District 7 copped both A and B flags (Farrell and Avalon) but the district, composed of the huge WPAL, does not have competition so could not qualify for the triple sweep.

Jenkintown Favored
District 1 covers the area around Philadelphia while District 10 takes in the Northampton corner of the state.

This year, Jenkintown, as defending state C champion, is favored to repeat. Darby is rated a better than even chance to reach the B finals and Yeadon, surprise team of the 1953 playoffs, needs only one more surprise to reach the final.

The three races reach the region-

companion provided by the latter.

The president, Mrs. Charles Bupp, conducted the business meeting, and she read a letter announcing the annual Gettysburg assembly to be held from July 12 to 18. It was announced that the Lutheran congregations will hold their annual spring conference on April 21 at St. John's Lutheran Church in Abbotstown. At the conference, registration will take place at 1 p.m.; afternoon session, 2 p.m.; supper, 5:30 p.m. and evening service at 7:30 p.m. The 12th annual conference of the Nevin Regional Guild of the Evangelical and Reformed Church will be held May 5, at the Reformed Church in Abbotstown. Registration will take place at 9 a.m.; sessions at 9:30 a.m. and 1:15 p.m. Mrs. Guy McCabe and Miss Betty Hartlaub were appointed as delegates to the conference. The secretary, Miss Betty Hartlaub, gave her report. Mrs. Parr Breighner was selected to be the leader for the next meeting on Friday, April 17, at the church.

To Confirm New Members

The Rev. G. Howard Koons presented a sermon on the fifth Sunday in Lent at the worship service Sunday morning in Christ Reformed Church. Clyde L. Sterner, John S. Reindollar, Lewis E. Bair and Gary L. Mummert served as ushers. The bulletin was given by Mr. and Mrs. Harvey C. Wildasin in honor of their 40th wedding anniversary which they are observing today. The altar flowers were also given in honor of Mr. and Mrs. Wildasin by their children. Other flowers were presented by Mr. and Mrs. Harold E. Shoemaker in honor of their 13th wedding anniversary which they are observing today. The Rev. Mr. Koons announced that next Sunday at 10:30 a.m., Palm Sunday, the confirmation service will be held. The last meeting of the catechetical class will be held Saturday, March 28, 1:30 o'clock at the church. Other announcements made by the pastor included an invitation to the public school students of the community to attend the Lenten devotional service in Redeemer's Reformed Church on Wednesday morning from 8:15 to 8:40 a.m. The monthly meeting of the King's Daughter's Wednesday School Class will be held Wednesday evening, 7:30 o'clock, at the home of Mrs. Erwin A. Rebert, Mr. St. A white elephant party will be featured during the social hour.

An illustrated talk on the proper use of paint will be given at the weekly meeting of the Littlestown Rotary Club on Tuesday at 6:15 p.m. at Schott's Hotel. The program will be in charge of the classification and membership committee composed of J. Ray Reindollar, chairman, Dr. Howard A. Stoner, Arthur E. Bair and Lloyd E. Crouse.

Homemakers To Meet

A special meeting of the Littlestown Homemakers will be held Tuesday evening at the home of Mrs. Irvin Kindig, near town.

The March meeting of the Pathfinders' Sunday School class of St. Mary's Lutheran Church, Silver Run, will be held on Tuesday evening at 7:30 o'clock at the home of Mrs. Raymond Lawyer. Mrs. Garland Heitbride will serve as leader.

Election of officers will take place at the semi-monthly meeting of the Mason and Dixon Memorial Post No. 6954, Veterans of Foreign Wars on Tuesday evening, 7:30 p.m. at the post home, West King St.

CANDIDATE WITHDRAWALS

HARRISBURG (AP)—Judge W. Walter Braham, of the Lawrence County Common Pleas Court, withdrew today as a candidate for the Republican nomination for the State Superior Court.

Braham's withdrawal, received by the State Election Bureau, left organization candidates in both Republican and Democratic parties unopposed at the May 19 primary election.

MORE THAN 200 COACHES, FANS ATTEND CLINIC

Over 200 coaches and fans attended the 14th annual football clinic at Gettysburg College Saturday at which Lowell "Red" Dawson, head football coach of the University of Pittsburgh, was the conductor.

The Panther coach pointed out that the high school coach should teach his boys the correct way to execute fundamentals of the game and should attempt to break the tactics of what he termed "fancy" schoolboy performers.

Assisted by several members of the Bullet grid squad, Dawson demonstrated tactics on the athletic field after lecturing the group in the gymnasium. Practically every phase of play was covered with particular stress being given to play of linemen. He pointed out two important fundamentals for linemen, 1, never watch the snap of the ball because you can't do that and watch the man opposite you, and, 2, keep the offense from getting to your linebackers when on the defense.

Films were shown of the 1952 Pitt-Notre Dame game with narration by Dawson who answered questions throughout.

Among the coaches present were all those of the South Penn Conference. Other mentors attended from Central Pennsylvania, New Jersey, Maryland and Delaware.

West Chester Wins Wrestling Honors

WEST CHESTER, Pa. (AP)—West Chester State Teachers College, the host team, won team honors in the Middle Atlantic Association AAU Wrestling championships Friday and Saturday.

West Chester scored 21 points, followed by the Harrisburg Y with 14, Wilmington Y and Franklin Marshall College 12 each, Millersville State Teachers College 10, Temple 9, Tyrone High 7, Hill School 6, Clearfield 4, and Millifield 2. Six teams failed to score.

Bill Laurelli, Delaware's 160.5 pound state champion since 1950, was named the outstanding wrestler in the meet. He pinned Bill Fisher of Millersville in 2:25 of the second period in the finals.

Skaters Compete For Title On Wednesday

HERSHEY, Pa. (AP)—Some 200 of the nation's top figure skaters polished routines today in preparation for the opening of the U. S. Figure Skating championships at the Hershey Arena here Wednesday.

Today was the first of a two-day practice session allowed the skaters before the actual competition starts Wednesday morning. From now until Saturday night the skaters will carry out their intricate figure patterns and their flashier freestyle routines for the five judges who eventually name each division winner.

Vagabonds Fail To Appear For Game

The Gettysburg Vagabonds failed to appear in Waynesboro Saturday evening for the consolation game with the Chambersburg Skyliners in the sixth annual Y-Hi basketball tournament.

In the championship game the Frederick Barons walloped the Junior Collegians 107-77.

Bob Pizolatto, Vagabond star who turned an ankle in a quarter-final game last Thursday, was selected to the second all-tournament team.

FOUND DEAD IN GARAGE

NEW CITY, N. Y. (AP)—Playwright Maxwell Anderson's wife was found dead in her garage yesterday and authorities pronounced her a carbon monoxide suicide.

Mrs. Gertrude Anderson, 48-year-old former actress, had been separated from the Pulitzer Prize winner for several months, friends of the family said. She was his second wife.

Bobby Avila of the Cleveland Indians was the only member of the Tribe in '52 to bat .300 or better against Reynolds, Raschi, Lopat and Shantz.

Granny Hamner Will Play Second Base

CLEARWATER, Fla. (AP)—Manager Steve O'Neill is going to experiment with Granny Hamner at second base and rookie Ted Kazanski at shortstop for the Philadelphia Phillies.

Hamner, 1952 all-star shortstop, seemed satisfied with the shift. "I'm satisfied to play second or anywhere else if it will help the club," said Granny.

Kazanski, who was given a bonus reported in the \$80,000 bracket, is a fine fielder possessed with a strong arm. The big question is whether or not the 19-year-old kid up from Utica in the Eastern League can hit National League pitching.

MACK SAYS A'S BEST IN YEARS

WEST PALM BEACH, Fla. (AP)—Connie Mack says the Philadelphia Athletics have their best squad in years.

"We haven't had a squad as good as this one in many years," said the 90-year-old president of the Athletics.

"The pitching looks good. Some time ago I told Bobby Shantz that I thought Harry Byrd would turn in a better record than he would this year. But, the way Shantz looked against Brooklyn, I'm not so sure. This new boy, Marion Fricano, looks like a fighter, very, very good, and John Mackinson and Charley Bishop show definite promise."

Mr. Baseball said he thought the Athletics could even win the pennant if "the boys (his sons, Earle and Roy) can give Jimmie (Dykes) a third baseman."

The name "acid" is loosely applied to any sour substance.

Garden And Building News

Rooms Six
Bedrooms Three
Closets Six
Cubage: House 19,000 ft.
Garage 5,600 ft.
Dimensions 64'x31'

Measuring 64'x31', "The Port Huron," with a full cemented cellar, has a cubage of 19,000 feet. The garage has a cubage of 5,600 feet. At least a 90-foot lot would be required to hold this modern ranch house and attached garage.

As with most homes of this type,

choice of exterior finish is entirely up to you; either wooden shingles or clapboards, or a combination wood and masonry finish can be used to obtain attractive results. Masonry alone also could be successfully used. However, there is something about the informal architecture of these ranch homes that seems to make a plain wooden exterior especially suitable.

Because of the large picture window in the living room wall, be sure to place "The Port Huron" that you'll reap top decorative benefits

Measuring 19 feet square, the garage is well lighted by two windows in the right wall. There is an ample amount of storage space in this garage. If you have no need for a two-car garage (and feel that you probably never will) you can, of course, arrange with your contractor to build a one-car garage instead.

Closely connected with the kitchen, the dining room contains one large window which looks out on the terrace. This room, 10'6" square, boasts china closets built into both its back corners. Have drawers at the bottom of the closets and you'll have handy storage places for your silverware and also for your table linen. Be sure to place your dining room set where you'll reap full benefits of the light and view coming into your home through the large window in the back wall.

Spacious and pleasant, the living room is reached directly from the dining room. The large fireplace, centered in the back wall of this 18'x12'4" room, shares decorative honors with the picture window in the front wall. Bookshelves can be built along the back wall from the fireplace to the left wall, as suggested in the accompanying plan.

The bedroom or den also is connected directly with the living room. Two windows in the back wall provide ample light and ventilation for this room. Two closets, one in the left wall and another in the front wall, guarantee plenty of convenient storage space. Thus, this 10'6"x8" room can serve as a regular or guest bedroom—or as a den—with equal convenience.

In "The Port Huron" the bedrooms proper occupy the left wing of the house. The all modern bath is placed between the two bedrooms.

There are two large closets in the master bedroom. Two windows in the back wall and one in the left provide good cross ventilation and an abundance of light for this 14'x10'6" bedroom.

Well lighted by one window, the bath has room for both a tub and a shower. The linen closet is conveniently placed in the back wall of this room where it's handy for the housewife whether she's changing bed linen or towels.

Cross ventilation and good light also are assured in the front bedroom which has one window in its front wall and another in its left wall. This room also has a large and convenient closet. The long unbroken right wall facilitates the arrangement of large furniture pieces; would be ideally suited to the installation of bunk beds.

Both the heating equipment and the laundry will have to be installed in the basement of "The Port Huron." Be sure to provide bulkheads for safe and convenient access to the front and back yards from the basement. The remainder of the basement area can be used for whatever purpose you may desire.

Complete plans and specifications for this house and all other "Home of the Week" designs are available at moderate cost.

Defy Late Frosts To Sow Seed Of All Hardy Plants

Parsnips

Swiss Chard

These hardy vegetables should be sown as soon as the ground is prepared.

The word hardy has several meanings, but to a gardener only one. It means capable of surviving a frost. There are numerous flowers and vegetables which can be sown while frost is still common, while others cannot.

Hardiness or the lack of it, therefore, determines the planting date for seed sown in the garden. And the date when frost is no longer probable is a key date for garden planning. On the average, planting in any area begin thirty days before that date.

So far as the hardy seeds are concerned, it pays to sow them as soon as you can put the ground in shape.

Vegetables which should be sown early include peas, onion, spinach, Swiss chard, New Zealand spinach, turnip, beet, carrot, parsnip, salsify, radish, kohlrabi, lettuce, endive.

Flowers which especially benefit from an early start include sweet

peas, annual larkspur, snapdragons, annual pinks, and centaurea.

If the weather remains cold and damp after the garden has been prepared, some risk will attend early sowing, not from frost, but from moulds and fungi which may attack the seed before they sprout. This danger is lessened if the seed is disinfected. This requires a tiny pinch of a chemical disinfectant inserted in the packet and shaken so the seed become coated with it.

Another precaution, especially if your soil has considerable clay, is to cover the seeds with a special porous soil. At this season sand will make a good covering, since it will dry out and warm up quickly, and never form a crust to imprison your seedlings.

Unless you take these precautions, you may have to resow, if the weather continues cold and damp too long. There is always risk in gardening, but it is a pleasure to

take a chance and win, with early crops to reward you. Commercial gardeners always do it.

Regardless of how soon the ground thaws out, tender seeds, which cannot stand frost, must not be sown, or plants set out, before the danger of frost has ended. Even though tomato plants are available during a premature warm spell, never take a

chance with them, because you cannot win. Even if frost does not kill tender plants, cold night will chill them, and they never seem to get back their vigor. The same rule applies to the tender seeds, such as beans, lima beans, all the vegetables that grow on vines, and others that produce fruits such as egg plant and peppers.

Van Fleet Says Yanks In Korea Don't Have Enough Ammunition To Check Any Big Red Attack

By EDWIN B. HAAKINSON
WASHINGTON (AP)—Some sentiment for a more aggressive strategy in the deadlocked Korean War was evident today among senators who heard Gen. James A. Van Fleet detail his complaints that American forces there don't have enough ammunition.

Van Fleet, recently retired because of age after nearly two years as Allied field commander in Korea, called for harder-hitting attacks on the Reds. But he said he doubts United Nations forces have enough ammunition to repel any major offensive the Communists might mount.

"Sure, if there is a sitdown and no fighting," Van Fleet said, "there is no ammunition requirement; therefore, no shortage."

Enough For Sitdown
But, he added, "should the enemy start something, which is unpredictable, then do we have enough to meet his offensive, and I say 'No.'"

Van Fleet said stocks were so low at times that he issued or-

ders to cut down on artillery fire, and that the troops "have to be in trouble in order to shoot" the heavier mortar and howitzers.

The general spoke out in testimony heard by the Senate Armed Services Committee behind closed doors earlier this month. A transcript, with security information deleted, was made public by the committee last night.

Used As A Leash
Sen. Symington (D-Mo), former secretary of the Air Force, asked Van Fleet if he thought "our pilots should have the right of 'hot pursuit' across the Yalu?"

"I certainly do," the general replied.

"So do I," said Symington. Sen. Flinders (R-Vt) suggested at one point that the ammunition supplies may have been used as "a leash" to keep Van Fleet from attacking.

Saying the "bloody stalemate" is an outrageous position, Flinders said: "Let us do something now."

Van Fleet replied he favors "hav-

CATCH YOUTH AFTER ATTACK

PHILADELPHIA (AP)—A 16-year-old boy is being held at Montgomery Hall, the juvenile home near Norristown, today after allegedly attacking a Bryn Mawr hospital student nurse with a rock. The youth, who, police say, is a member of a well-to-do Bryn Mawr family, was captured by Paul B. Tomko, a Villanova football player. Tomko brought the youth to the ground with a tackle after being attracted to the scene by the screams of Dorothy Wentzler, 20. Miss Wentzler told police she was returning to her quarters from a neighborhood store last night when the youth lunged at her out of the darkness on a lonely street. She screamed and fell to the ground as her attacker struck her on the head.

Tomko said he saw the teenager run from his victim and gave chase. The football player brought the youth to the ground with a tackle. The 22-year-old Villanova senior turned the boy over to Lt. George Kramer of the Lower Merion, Pa., police. The boy's identity was withheld because of his age.

Jukebox Tunes May Become Costlier

ELMIRA, N. Y. (AP)—Local jukebox operators claim they may have to raise their rates to 10 cents a play to cover rising costs and decreased business due to the competition of television.

One operator says gross receipts are down 80 per cent and claims that after owners of establishments where machines are installed get their cut of receipts, the amount left doesn't cover the cost of the records. And jukeboxes which cost \$225 in 1935 now sell for \$1,100.

HOUSTON (AP)—An attorney who was fined \$50 here on a drunk driving charge gave this explanation: It eased nervous tension caused by his hay fever sneezing.

ing it out with Russia, and I mean an understanding with Russia; I hope a peaceful understanding. I do not mean a shooting war."

Sen. Case (R-SD) said the committee hearings proved that "we have a sitdown policy in the Korean War" and he added: "The American people are getting sick and tired of this kind of a situation."

Gen. J. Lawton Collins, Army chief of staff who testified at the same hearings, conceded there had been shortages of some types of ammunition in Korea but he said in his judgment "there is enough ammunition in Korea, in the hands of the troops to protect our men, no matter whether they are attacked or not, and to carry out the type of operation that the Army commander is now authorized to carry out."

Declares Research Is Not "Miracle"

NEW YORK (AP)—The term "miracle fiber" should be banned in connection with advertising of new synthetic textiles, Carl A. Satterstrom told the Textile Distributors Institute.

Satterstrom, sales manager of the textile fibers division of the Carbide and Carbon Chemicals Co., said synthetic fibers are no more miraculous than a new metal alloy or a powerful gasoline.

He said all are the products of chemical research; each has limitations, and each must be improved or face obsolescence within 10 years.

FIREMAN HAS LEG CRUSHED

READING, Pa. (AP)—A fire engine ran over a volunteer fireman, crushing his left leg, after the man fell while attempting to board the moving vehicle near Fritztown, about five miles southeast of here last night.

Lawrence Law, 56, of Mohnton, had jumped from the engine to guide it through a lane of parked cars enroute to a fire. When he tried to jump back on the engine, he fell, and the rear wheel of the truck ran over his left leg.

Physicians at Reading Hospital said his left leg was crushed, and he suffered injuries to his left hip. Law is a member of the Goughersville Fire Co.

The fire, on the farm of Ben Lombardo, destroyed a two-story barn and 50 television sets. Lombardo estimated his loss at \$12,000. He operates a TV repair and sales business in Reading.

LONDON (AP)—Britain's exports of office equipment broke all records in 1952. Shipments exceeded \$39,200,000, more than \$2,800,000 higher than in 1951. Sales to the United States and Canada brought in nearly \$5,600,000.

SOLONS DIFFER WITH DULLES ON BOHLEN ISSUE

By JAMES MARLOW
WASHINGTON (AP)—Secretary of State Dulles has caused to wonder whether everyone in the State Department, besides being loyal to the country, is loyal to him.

Sen. McCarthy claims to have enough information about the department's inner workings in at least one case—that of Charles E. Bohlen—to call Dulles untruthful.

Because the 48-year-old Bohlen, with 24 years' foreign experience, is one of the department's best specialists on Russia, President Eisenhower and Dulles decided to send him to Moscow as American ambassador.

Since Bohlen couldn't have the job unless the Senate approved, the Senate Foreign Relations Committee would have to check on him first. This meant Bohlen and Dulles would have to answer questions on Bohlen's background and fitness.

Dulles Asked For FBI Probe
But for some unexplained reason, which originated before Dulles' time as secretary, Bohlen had never been investigated by the FBI. Several weeks ago Dulles asked the FBI to examine Bohlen's life.

He got the report last week and discussed it with R. W. Scott McLeod, who is in charge of security matters for the State Department. So Dulles went before the foreign relations committee. He didn't show the report to the members. He summarized it for them, saying the report contained some derogatory information about Bohlen.

But none of it, he told the committee, was of the kind that could throw doubt on Bohlen as a loyalty or security risk. After questioning Dulles for three hours, and talking with Bohlen, the committee unanimously approved Bohlen.

Dulles said that when McLeod

looked over the FBI report and found the derogatory information he had told Dulles: "This is not a case which I can automatically pass because wherever there is derogatory information of this sort I think it is my duty to bring it to your attention."

No Inner Conflict
Dulles told a news conference later that there was no difference of opinion between him and McLeod on Bohlen and, in answer to a question, he said McLeod did not suggest that Bohlen not be approved.

This is where McCarthy steps into the picture. Until this point McCarthy, McCarran and Bridges had argued against Bohlen mainly because he had worked so closely with former Secretary of State Dean Acheson and had taken part in the Yalta and Potsdam conferences as interpreter. McCarthy, McCarran and Bridges are not members of the foreign relations committee, before which Dulles testified. After the unanimous vote for Bohlen, McCarran said Dulles had misrepresented the situation to the committee, that

McLeod, instead of not differing with Dulles, had actually told him he "could not clear" Bohlen. McCarthy said the same thing, adding that what Dulles had told the committee about himself and McLeod was untrue.

SENATE DEBATE ON BOHLEN GETS STARTED TODAY

By JACK BELL
WASHINGTON (AP) — With critics stating an apparently futile rear-d action, the Senate opens debate today on President Eisenhower's nomination of Charles E. Bohlen to be ambassador to Russia.

Sen. McCarran (D-Nev.) said he has a "chestful" of information for his colleagues about Bohlen, and

Sen. McCarthy (R-Wis.) was asking for a delay in a showdown vote. Both have demanded closer scrutiny of an FBI security check-up on the appointee's background.

Sen. Lyndon Johnson of Texas, the Democratic leader, predicted that a substantial majority of his party members will join with most of the Republicans to confirm Bohlen.

Predicts Confirmation

Sen. Taft of Ohio, the Republican leader, said he won't demand a vote today but indicated he wants action by midweek at the latest. He said the appointment may come up for discussion at the weekly meeting of congressional leaders with President Eisenhower today. Taft's attitude indicated Bohlen's

critics won't have much luck in efforts to recall Secretary of State Dulles and to get testimony from R. W. Scott McLeod, State Department security officer.

Cleared Long Ago

McCarthy and McCarran have contended Dulles cleared Bohlen over McLeod's objection when the secretary appeared before the Senate Foreign Relations Committee, which approved Bohlen, 15-0, last week. Dulles said in testimony released yesterday that he cleared Bohlen when McLeod "did not wish to take the responsibility" and passed the case on up to him.

Sen. McClellan (D-Ark.), not a foreign relations committee member, said McLeod ought to be summoned to "speak for himself." But Dulles said he doesn't think security officers, "whose primary job is to raise doubts and find out suspicious circumstances, are the persons who should have final responsibility in matters of this kind."

Blind Woman Takes Swimming Lessons

HOUSTON (AP) — While her seeing-eye dog sits for three hours by the side of the YWCA swimming pool, Miss Betty Elbert spends two evenings a week teaching others how to swim.

Betty was blind when she learned to swim three years ago under a Red Cross program. Now she's taking the instructor's course because "I want to learn how to teach others so that I can instruct blind persons like myself," she says. "I know their problems of learning by ear and instinct rather than by sight."

Island Princess Comes To Alberta

CARDSTON, Alta. (AP) — A princess has come to this southern Alberta town to make her home. Veia Love was born and raised on the Cook Islands, where her mother, Queen Te Kau, was ruler of Raratonga Island. Her father, Lt.-Col. Love of the New Zealand army, was killed in the second world war.

Princess Veia Love is a convert to the Mormon Church and is to be married to Gilbert Lowry, a Mormon missionary just back from the south seas.

She finds the Alberta climate an extreme change from the 100-degree heat she left.

On The House

By DAVID G. BAREUTHER
AP Real Estate Editor

THIS IS THE SEASON when many home owners will soon see their first subterranean termites—or signs of termites.

These destructive insects are now about due to swarm in the Deep South and as spring advances northward they'll appear by millions in almost every state in the Union and in two fairly sizable areas in Canada.

But these home wreckers won't come from the South. They'll come out of the ground, fly around in love dances for a few hours, then shed their wings like light snow and vanish to carry on their eating of wooden beams out of sight—out of mind.

Termites are one of the most misunderstood pests in all bugdom. They're blind. But they need no pity. They're cannibals. And the Department of Agriculture says they cause at least a million dollars worth of damage to homes every week in the year!

They're misunderstood on several scores. One is that so many people mistake them for flying ants and also think every flying ant must be a termite. But termites and ants are different breeds and enemies. Termites' bodies are thick waisted. Ants have hour-glass figures. Termites live in highly organized colonies, like ants, but they maintain special castes of soldiers to protect them from invasions by ants.

ANOTHER POPULAR MISUNDERSTANDING is that termites can cause a house to collapse. This notion is pretty effectively scotched by a construction engineer who seems to know more about termite damage than any expert we've ever interviewed.

He is Col. Leopold Philipp, president of the Disinfecting and Exterminating Corp., which continuously supervises pest control in more than 9,000 buildings in the New York area. Having combatted termite damage since 1906 in office buildings, even subways, and throughout suburban areas of New Jersey, New York and Connecticut, Col. Philipp claims to be on intimate terms with these bugs.

"I've seen ingested houses settle badly," he says, "but I have never seen a house actually collapse. Because of the way houses are built, several structural members could be destroyed or removed without causing a house to fall down. Floors may sag, windows and doors will bind, plaster will crack and even fall, but the house will probably stand. Its safety, of course, is another matter."

THE COLONEL has a lot of reassuring advice for home owners. He says if you don't see termites

odors. So Col. Philipp prefers chlordane — the widely used agricultural weapon against Japanese beetle grubs. It is mixed with water and does no harm to vegetation.

Chlordane kills termites on contact. They get it on their feet, lick it off and die. Others of their cannibalistic brothers are killed when they eat the dead bodies of their comrades and the mass murder is multiplied.

Termites live on cellulose. They'll eat books, clothing — anything that contains pulp. Nature uses them to return dead wood to the soil. Col. Philipp square mile of area.

England has about 756.4 people showed us a 3 by 10 beam, perfect on the outside, yet as weak as paper. Termites had eaten out all of the wood except the grain. When broken, the beam was merely a limp mass of thin ribbons.

"Keep food away from any pest and you won't have pests," says the colonel, who supervised the disinfecting and exterminating on all ships that entered New York harbor during two wars. "That goes for roaches, mice, rats and termites. Wood is food for termites."

JAW MOVES TO TIGHTEN RULE AGAINST REDS

By GLENN ENGLE
ATLANTIC CITY, N. J. (AP)—Leaders of the CIO United Auto workers readied a new weapon aimed at curbing anti-Communism or sympathizers within the union's 1,350,000 membership. A constitutional amendment prepared for presentation to the AW's international convention would make it easier to prove a member is a Communist and thus eligible to hold office in the union.

The auto workers was one of the first to bar Communists — Nazis and Fascists too — from office. It has found it difficult to prove, under the present provision, at any particular member is a Communist or subversive to the union.

The new provision, whose details were not disclosed before presentation to the convention, would make the proof easier. However, it still would not oust Communists or sympathizers from membership — but only from office.

As the convention went into its second day it became apparent that tightening of the anti-Communist provision would be one of three major issues to come up.

The others will be:

1. The formal launching of the UAW's campaign for a guaranteed annual wage in 1955.
2. The marshaling of support of the nearly 3,000 delegates behind the union's demand that the auto industry revise the current five-year contracts to meet inflationary developments since they were signed in 1950.
3. UAW President Walter P. Reuther has hinted strongly that the union wouldn't hesitate to strike if necessary to win either the annual wage or the current contract revisions.

In his opening address yesterday, Reuther called the annual wage the only means of bringing about full employment and full production.

SAYS BENDER GETS HEAVIEST MAIL IN HOUSE

WASHINGTON (AP)—Which members of the House of Representatives do you suppose get the heaviest volume of mail?

According to House Postmaster Beecher Hess, Rep. Bender (R-Ohio) is top man.

Hess, who hails from Morning Sun, Ohio, says there's been no exact check made, but he says it's "obvious" that Bender is far out in front in this department.

Behind Bender—but some distance back—comes Rep. Roosevelt (D-NY). Hess says, followed by Rep. Van Zandt (R-Pa.).

What's the reason?

Well, Hess recalls that Bender

tion in peacetime.

Reuther told the delegates he still is hopeful that further action can be taken at a Washington meeting April 7 toward merging the AFL and CIO.

WANTS BRAKES ON RED TRADE

WASHINGTON (AP)—Rep. Battle (D-Ala.) said today the Communists still "get pretty much what they want" in strategic material from the West, and that the U. S. should wage "a vigorous and comprehensive" campaign to shut it off.

He said present measures are inadequate and not properly enforced.

Battle issued a report to the House summarizing progress in enforcing an act, which he sponsored, to cut off American assistance to Allied nations which knowingly ship strategic materials to the Red bloc.

Compliance has been universal among nations receiving U. S. assistance, he said, and over 300 items are subject to embargo.

But, he added, the act does not apply to neutral nations not getting U. S. aid and has no effect on closing such "legal leaks" as the free ports of Europe.

Battle said the act "has been administered with less firmness and determination" than Congress expected, particularly in efforts to obtain the voluntary co-operation of nations not obligated to participate.

Marshall Newman, University of North Carolina freshman quarterback last season, passed for seven touchdowns. The Tar Heels scored only nine more.
